2.2.1 Minimum Qualifications

At a minimum, vendors must have successfully completed Engineering Design for at one (1) Roundabout project and at least one project funded by the Florida Department of Transportation (FDOT), Local Agency Program (LAP). Absent any clearly viable and appropriate cause otherwise, any response from any vendor not meeting this minimum standard will be rejected.

2.2.2 Evaluation Process

1. A Selection Committee consisting of at least three members will be appointed by the County Manager to review and evaluate responses. Procurement Services will schedule, advertise, and manage all associated Selection Committee meetings in strict consonance with the County’s established procedures in those regards.

2. Selection Committee Members will receive a copy the relevant solicitation, a copy of the weighted evaluation criteria scoring sheet based on the information detailed in 2.2.2.3 below, and a copy of each one of the responses received. Each member will individually read and review each response prior to the initial publicly advertised Selection Committee Meeting. Committee members will then review and discuss each response at the initial Committee meeting and then complete their own individual scoring sheet based on the criteria and weights stated below at the completion of that meeting. All individual scoring will immediately be totaled by the procurement contracting officer managing the meeting. Short-listing of vendors will then be determined based on relative total scoring. All least three vendors will be short-listed via this process. Procurement Services shall submit the list of shortlisted firms to FDOT for review. Upon approval by FDOT, a second Selection Committee meeting will be scheduled and advertised by the procurement contracting officer. This meeting will provide for a detailed discussion of the project requirements and project approach with each of the short-listed vendors. After completion of discussions, Committee members will re-complete a scoring sheet (with no factors or weights changed) that considers all elements of the initial proposals and subsequent discussions. All individual scoring will immediately be totaled by the procurement contracting officer managing the meeting. A final ranking of the short-listed vendors will then be announced based on relative total scoring. Negotiations will then be held as detailed in 2.2.3 below. Procurement Services shall submit the final ranking and associated award recommendation to FDOT for review. Upon approval by FDOT, the award recommendation will be presented to the Lake County Board of County Commissioners for their consideration.

Evidence of Appropriate and Effective Project Approach	30
Experience and Licensing of Professional Personnel and Team Experience	25
Similar Projects with Federal and FDOT Funded LAP Funds (4 points for each additional project above the minimum up to a total of 20 points).	NTE 20
Relative Evidence of successful previous performance on similar projects	15
Capability to meet the project time requirements	10
Possible Total Points	100

2.2.3 Contract Negotiations

1. Procurement Services will schedule contract negotiations with the vendor achieving the highest score during the course of the second Selection Committee meeting. If no tentative pricing agreement can be reached with that vendor, then negotiations will terminate with that vendor and move on to the second highest ranked firm and so on throughout the “shortlist”, never returning to a previously terminated firm.
2. Procurement Services will send a copy of the final negotiated contract to FDOT for approval. Upon approval from FDOT of the negotiated contract, a recommendation will be submitted to the Board of County Commissioners for award of the contract.

If the County revises (amends) this RFP, notice will be posted on the Lake County Internet site: http://www.lakegovernment.com/departments/procurement_services/open_bids.aspx

You must acknowledge each addendum in your proposal. Failure to acknowledge each addendum may prevent your proposal from being considered for award. It is solely your responsibility to ensure that you have received all addenda to this RFP before submitting your proposal.

Before submitting a qualifications package, each respondent shall make all investigations and examinations necessary to ascertain site conditions and requirements affecting the full performance of the contract and to verify any representations made by the County upon which the respondent will rely. If the respondent receives an award, failure to have made such investigations and examinations will in no way relieve the respondent from its obligations to comply in every detail with all provisions and requirements of the contract, nor will a plea of ignorance of such conditions and requirements be accepted as a basis for any claim by the respondent for additional compensation or relief.

ROUNDAABOUT AT CR 19A AND EUDORA ROAD/OLD 441

OVERVIEW

Lake County is seeking statement of qualifications from Engineering Firms for the design of Phase Roundabout at CR 19A and Eudora Road/Old 441 located in the City of Mount Dora Lake County, Florida. The project is funded with Federal funds under Florida Department of Transportation (FDOT) Local Agency Program (LAP) FM No. 437464-38-01. The Project Development and Environmental Study was completed in September of 2008. The link to final report and appendix is: ftp://ftp.co.lake.fl.us/Public_Works/Engineering/CR%2019A/.

The project includes the design of a roundabout at the intersection of CR 19A and Eudora Road (Old US 441/CR 500A). The design will include the realignment of roadways and widening of existing roadways in some directions with transitions back to existing. This would require the reconstruction of curb and gutter, driveways, side streets, and sidewalk within affected area. Ensuring pedestrian connectivity throughout the project will be required. The design will also include a raised roundabout, concrete traffic separators, raised medians and curb ramps. All pedestrian facilities shall adhere to current ADA standards. Project limits will be based off of transitions and are to be determined during design. Design shall also include all roadway improvements, drainage modifications, determining need for permitting and R/W and construction easements, side street profiles, and milling and resurfacing limits. Utility coordination and design, along with signing and pavement markings and signalization is also to be included. Coordination with CR 19A widening project will be required. It is anticipated that R/W may be required based on design phase findings. Please see project location Map.

Surveying including topographic, above and below ground utilities and right of way will be required. Permitting will be required. Utility coordination will be required. Coordination with property owners will be required.

The Consultant will be required to coordinate with the Florida Department of Transportation District V office on plan review, as this project is being funded by FDOT agreement. The Consultant shall prepare project construction Bid Document for FDOT LAP Project Manager Approval.

I certify that I have no present conflict of interest, that I have no knowledge of any conflict of interest that my firm may have, and that I will recuse myself from any capacity of decision making, approval, disapproval, or recommendation on any contract if I have a conflict of interest or a potential conflict of interest.

Consultants/Contractors are expected to safeguard their ability to make objective, fair, and impartial decisions when performing work for the Department, and therefore may not accept benefits of any sort under circumstances in which it could be inferred by a reasonable observer that the benefit was intended to influence a pending or future decision of theirs, or to reward a past decision. Consultants performing work for the Department should avoid any conduct (whether in the context of business, financial, or social relationships) which might undermine the public trust, whether or not that conduct is unethical or lends itself to the appearance of ethical impropriety.

Instructions for Certification

Instructions for Certification - Lower Tier Participants:

(Applicable to all subcontracts, purchase orders and other lower tier transactions requiring prior FHWA approval or estimated to cost \$25,000 or more - 2 CFR Parts 180 and 1200)

a. By signing and submitting this proposal, the prospective lower tier is providing the certification set out below.

b. The certification in this clause is a material representation of fact upon which reliance was placed when this transaction was entered into. If it is later determined that the prospective lower tier participant knowingly rendered an erroneous certification, in addition to other remedies available to the Federal Government, the department, or agency with which this transaction originated may pursue available remedies, including suspension and/or debarment.

c. The prospective lower tier participant shall provide immediate written notice to the person to which this proposal is submitted if at any time the prospective lower tier participant learns that its certification was erroneous by reason of changed circumstances.

d. The terms "covered transaction," "debarred," "suspended," "ineligible," "participant," "person," "principal," and "voluntarily excluded," as used in this clause, are defined in 2 CFR Parts 180 and 1200. You may contact the person to which this proposal is submitted for assistance in obtaining a copy of those regulations. "First Tier Covered Transactions" refers to any covered transaction between a grantee or subgrantee of Federal funds and a participant (such as the prime or general contract). "Lower Tier Covered Transactions" refers to any covered transaction under a First Tier Covered Transaction (such as subcontracts). "First Tier Participant" refers to the participant who has entered into a covered transaction with a grantee or subgrantee of Federal funds (such as the prime or general contractor). "Lower Tier Participant" refers any participant who has entered into a covered transaction with a First Tier Participant or other Lower Tier Participants (such as subcontractors and suppliers).

e. The prospective lower tier participant agrees by submitting this proposal that, should the proposed covered transaction be entered into, it shall not knowingly enter into any lower tier covered transaction with a person who is debarred, suspended, declared ineligible, or voluntarily excluded from participation in this covered transaction, unless authorized by the department or agency with which this transaction originated.

g. A participant in a covered transaction may rely upon a certification of a prospective participant in a lower tier covered transaction that is not debarred, suspended, ineligible, or voluntarily excluded from the covered transaction, unless it knows that the certification is erroneous. A participant is responsible for ensuring that its principals are not suspended, debarred, or otherwise ineligible to participate in covered transactions. To verify the eligibility of its principals, as well as the eligibility of any lower tier prospective participants, each participant may, but is not required to, check the Excluded Parties List System website (<https://www.eppls.gov/>), which is compiled by the General Services Administration.

h. Nothing contained in the foregoing shall be construed to require establishment of a system of records in order to render in good faith the certification required by this clause. The knowledge and information of participant is not required to exceed that which is normally possessed by a prudent person in the ordinary course of business dealings.

i. Except for transactions authorized under paragraph e of these instructions, if a participant in a covered transaction knowingly enters into a lower tier covered transaction with a person who is suspended, debarred, ineligible, or voluntarily excluded from participation in this transaction, in addition to other remedies available to the Federal Government, the department or agency with which this transaction originated may pursue available remedies, including suspension and/or debarment.
